

Hydraulic Rescue Equipment for Emergency Use

# STAB-FAST stabilization system

Part-No. 059.890.9

## The universal vehicle stabilization system.

TÜV and CE approved.

- **Simple**  
One system for all situations.  
No additional pieces necessary, ensuring simple set-up and stable results.
- **Fast**  
Fast and easy set-up, even at demanding stabilization situations.
- **Safe & Secure**  
Safe rescue work for emergency service and protection of accident victims by safe and reassuring stabilization.

Compact size for space saving storage.

Universal design without need of pneumatics or hydraulic for cars, small buses and truck cabs.

Straps do not obstruct the rear of the vehicle for extrication of casualty, and rescue work from this point.
